

Securing a future for British Jewry against the threat of antisemitism

Thursday 6 December

7.45pm

We are very fortunate to have as our speaker Anthony Orkin who is the Operations Manager at the Campaign Against Antisemitism. This is a volunteer-led charity dedicated to exposing and countering antisemitism in the UK through zero-tolerance enforcement of the law, education and outreach.

Anthony served as a senior adviser to the Australian government for six years, including the former Prime Minister, Malcolm Turnbull. He also worked as an operations executive in the mining and resource sector and as a journalist. From 2010-16, he headed public affairs and media at the public affairs organisation and think tank, the Australia/Israel and Jewish Affairs Council.

As it's the fifth day of Chanukah, Rabbi Naomi will be lighting candles at the start of the evening.

£3.00 at door for Kol Chai members. £5.00 non-members including refreshments. 7.45 for 8pm start.

Please let us know if you plan to attend. Thank you.
